

GAINED TWENTY POUNDS ON JUST SIX BOTTLES.

Anderson Man Says His
Troubles Baffled Best
Efforts of Science.

IS WELL KNOWN MAN.

T. F. Darby Declares "Tanlac is a
Wonderful Medicine"—"I am
in Fine Shape Now."

"I have gained twenty (20) pounds in weight and have been relieved of an ailment with which I suffered almost a year and which baffled the leading physicians in a number of cities. That is what just six bottles of Tanlac, the medicine you call the 'master medicine,' has done for me."

The speaker of this more than remarkable statement was T. F. Darby, an automobile mechanic employed by the Central Garage of Anderson, S. C., who resides at 127 North McDuffie street. Mr. Darby was for one year foreman for a Columbia machinery company, which is one of the largest enterprises of its kind in the South, he said. He explained that ill health forced his removal from Columbia in search of a satisfactory change in climate. But it was not the climate, he found, that caused his ill health.

Regarding his suffering and the remarkable relief Tanlac quickly gave him, Mr. Darby said:

"I suffered with nervous indigestion for almost a year. I lost a great deal of weight. My strength left me and I got to where I could not work. I would suffer awfully after eating and neither sweet milk nor water would stay on my stomach long enough to get warm. I would get so nervous I could not control myself. I will tell you the truth, I was in an awful condition."

"One time when at Atlanta, where I had gone to consult a specialist, I got on a train, and when I realized where I was I was at Gainesville. I had been suffering so I had lost interest in everything. I spent that night at a Gainesville hospital. My wife got to where she was afraid for me to go down town by myself, fearing I could not get home if one of those attacks hit me, which came every time I ate anything."

"My heart began to go bad under the strain. One night it felt as if it would burst, and I perspired so much I felt as if I had been rained on. I tried every way and everything I knew of or was told of to get relief, but failed. Down at Columbia one day, however, a friend told me to take Tanlac. I bought a bottle right away."

"Six bottles banished that nervous indigestion. I gained twenty pounds while taking it, and I am in fine shape now. I can eat a hearty meal without suffering afterwards. I am strong, lively and happy, and my nerves are in fine condition. My kidneys, which gave me a great deal of trouble, are in good condition now, thanks to Tanlac. I can't get enough to eat, and I have to fight against eating too much. I surely can and do recommend Tanlac. It is a wonderful medicine."

Tanlac, the master medicine, is sold exclusively by Bell's Drug Store, Wallhalla; Seneca Pharmacy, Seneca; Stonecypher Drug Co., Westminster; W. H. Hughs, Richland.—Adv.

New Hydro-Aeroplane Record.

Newport News, Va., May 4.—Records for duration and distance with six passengers were established today before Pilot E. T. McCauley, flying the Curtiss hydro-aeroplane, the largest in the world, was forced to abandon the flight to Baltimore and back on account of rain.

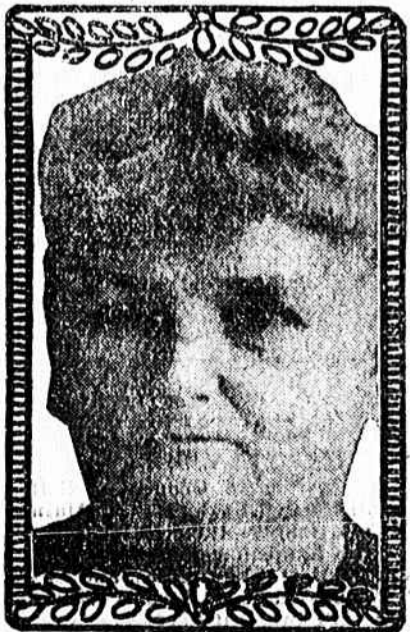

The machine had reached the mouth of the Potomac river, a distance of 85 miles from this city, when a heavy rainstorm broke as Point Lookout was being passed.

The total distance of 170 miles was covered in two hours and 20 minutes. McCauley stated that there was not the slightest mishap during the flight and that he is confident he could have made the trip had not rain interfered.

McCauley's flight was the first of its kind ever attempted in America. Until today the world's record for duration and distance with six passengers was held by a French aviator.

SINCE TAKING PERUNA

I can say my
bowels are much
more regular.
My heart is
stronger.
My appetite is
much better.
My throat is
much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

AGREEMENT ABOUT COMPLETE

Between United States Forces and
Mexican Military Heads.

El Paso, Texas, May 3.—Mexican Minister of War Obregon to-day received word from Mexico City to accept the demands of the Washington government as made at the conference just held here. The American troops will remain in Mexico indefinitely, co-operating with the Carranzista soldiers, in running down Pancho Villa and his bandits. This information was at once communicated to Chief of Staff Scott and Major Gen. Funston in their private car here.

This means that the policy of President Wilson and Secretary of War Baker has been accepted and ratified by the Carranzista government.

American troops under Gen. John J. Pershing will remain where they are concentrated around Nampulpa and will be augmented by additional forces sent south in Chihuahua from Columbus.

In the absence of official information as to the details of the agreement, well-defined rumors set forth the following:

1. That the American expedition will remain in Mexico within a certain time limit, which will be determined by the progress the Carranzista troops make in their operations against Francisco Villa and other outlaw leaders.

2. That the extreme southern base of Gen. Pershing's expedition shall be moved back to Colonia, Dublin.

3. That the American troops shall confine their activities chiefly to patrol duties, with occasional forays after marauding parties, the limits of their movements being strictly outlined.

4. That when the American troops see an opportunity to strike a decisive blow at bandit bands, Carranzista forces shall be ordered to give full and active co-operation.

5. That the use of Mexican railways shall be granted for the transport of supplies to the American soldiers.

The only element of uncertainty with reference to the situation to-day is the manner in which the Mexican public will accept the terms made by Gen. Obregon. There is no doubt that he can enforce his decisions with the troops that have been concentrated in Northern Mexico, but objections to the continued presence of the American troops may result in local disturbances for a time.

Strengthens Cordial Relations.

Washington, May 4.—President Wilson announced to-night that the tentative agreement between Gen. Scott and Gen. Obregon covering the future operations of the American and Mexican military forces in Mexico provides "a basis of co-operation which promises to prevent misunderstandings and strengthens the cordial relations of the two republics."

Notification that the plan of co-operative action in the Mexican border region mapped out at the El Paso conference is acceptable to the Washington government was forwarded to Gen. Scott late to-day by Secretary Baker. Pending its formal acceptance by Gen. Carranza, administration officials declined to make public the text of the agreement. There was no doubt in official circles, however, that the plan would be ratified within a few hours at most and the disturbing situation at the border and in northern Mexico be disposed of.

The Aches of House Cleaning.

The pain and soreness caused by bruises, over-exertion and straining during house cleaning time are soothing away by Sloan's Liniment. No need to suffer this agony. Just apply Sloan's Liniment to the sore spots, rub only a little. In a short time the pain leaves, you rest comfortably and enjoy a refreshing sleep. One grateful user writes: "Sloan's Liniment is worth its weight in gold." Keep a bottle on hand, use it against all soreness, neuralgia and bruises. Kills pain. 25c. at your druggist.—Adv. 2.

Two N. Y. Authors Die in Accident.

Los Angeles, Cal., May 4.—Malcolm W. Strong, playwright, and Clinton H. Stagg, an author of New York, were killed last night when an automobile driven by Stagg overturned on a country road near here. Geo. F. Platt, formerly stage manager at the New Theater and the Little Theater, in New York, another passenger in the machine, was seriously injured.

TOWNVILLE PRISCILLAS WORK.

Better Baby Contest—High School to
Close—Local Notes.

Townville, May 3.—Special: Under the auspices of the Priscilla Club a very successful baby contest was held on Friday, April 28th, at the Baptist church. Drs. Breedin, Nardin, Watson and Young, from Anderson; Drs. Doyle and Hines, from Seneca, and Drs. Hobson and Wideman, from Townville, lent their professional services, all contributing to the movement for "Better Babies."

Miss Lillian Snelgrove, the Anderson county demonstrator, rendered invaluable aid by lending and arranging the exhibit for the better babies contest as gotten out by Winthrop College, which consists of placards, model crib, first clothes, sanitary bottles, iceless refrigerator, diet charts, and many interesting facts and figures given in attractive form. The government bulletins on the subject were also distributed by Miss Snelgrove.

Misses Dickson and Boyd, professional nurses from Anderson, also gave of their time and knowledge, which was highly appreciated by the Priscilla Club and the mothers of Townville.

There were 40 babies examined. Many of them were found to have defects, which, being called to the attention of the mother right now, can be corrected. If let alone they would, no doubt, develop into more serious troubles. The following babies scored highest:

G. W. Boggs—Three-year-old child of Dock Boggs 96 1/2
Wm. Bomar Wideman, three years old 96

Nellie Lee Grubbs, daughter of Mr. and Mrs. S. J. Grubbs, aged 14 months 95 1/2

Dan Hobson Shirley, 21 months old 95 1/2

Minnie Lee Gaines, aged 32 months, daughter of Mr. and Mrs. F. L. Gaines 95 1/2

It had been planned to have all the school children examined, but for lack of time this had to be postponed.

One of the most pleasant features of the day was the bringing together of the community at the picnic dinner. This was served in the grove near the church, and visitors as well as home people thoroughly enjoyed it.

Mrs. F. Lee Gaines, Miss Lillie Gallowsay, Mrs. L. S. Boleman and Mrs. Earle Barton recently spent a week in Anderson at the training school for Sunday school teachers. They brought back much enthusiasm for the work and unstinted praise for the entertainment by Anderson people.

Wm. Bomar, of Spartanburg, is visiting his sister, Mrs. S. A. Wideman.

Rev. and Mrs. J. E. Crim, with their children, visited in Liberty recently. They drove their new Ford.

The children of the Presbyterian Sunday school rendered a very attractive program recently, celebrating Children's Day. There were many visitors present.

Mr. and Mrs. Jas. Broyles had Misses Stewart, Kathleen Lander, Fannie Matt Stovall and Susie Sharp as recent visitors in their hospitable home, taking them all down in their new "Studebaker-Six." In honor of the young ladies named above, Miss Fannie Broyles entertained a company of friends on April 29. Delightful refreshments, block cream and cake, were served in the midst of the fun and frolic.

Mr. and Mrs. Alec Stevenson were recent visitors in Anderson, going over in their new Overland.

Mr. and Mrs. J. N. Boleman made a recent trip to Anderson, going in their new "Henry." R. H. Price also has a new "Henry" in his family; likewise W. C. King; also Steve Smith and Walter Davis.

Invitations are out for the commencement at the high school on May 20th. Dr. DeMent, of Greenwood, will preach the baccalaureate sermon. The senior class will give a play on Friday evening, May 19, and Miss Stovall's music class is to have a recital.

Misses Livingston and Schroder, of Abbeville, are visiting Miss Resse Hatcher.

Mrs. Ed. Earle, who has been quite sick, is much better.

The Townville Masonic Lodge had a very enjoyable picnic at the home of Past Master D. E. Dalrymple on Saturday, April 29th. The members of the lodge, with their wives, spent a very pleasant day.

Rev. and Mrs. W. T. Hollingsworth leave this week for Orlando, Fla., as delegates to the Presbyterian General Assembly.

In connection with the baby contest Townville had Clean-Up Week. Prizes were offered for the best kept premises. The mayor furnished a wagon to haul off the trash. Many of the trees are whitewashed as high as a lady can reach with a broom, and the whole town looks clean and refreshing.

Died to Preserve Secrets.

Stavenger, Norway, May 4.—To prevent their construction secrets becoming known to foreign governments, three members of the crew of the Zeppelin L-20, which was wrecked off the Norwegian coast, stayed aboard and destroyed the engines which meant their certain death. Sixteen members of the crew who were rescued told of the heroism of the three.

Good for Colds.

Honey, pine-tar and glycerine are recognized cold remedies. In Dr. Bell's Pine-Tar-Honey these are combined with other cough medicine in a pleasant syrup. Dr. Bell's Pine-Tar-Honey quickly stops your cough, checks your cold, soothes irritation of the throat. Excellent for young, adult and aged. It is one of the best cough syrups made. Formula on every bottle. You know just what you are taking and your doctor knows it is good for coughs and colds. Insist on Dr. Bell's Pine-Tar-Honey. Only 25c. at druggists.—Adv. 2.

FOUR IRISH LEADERS EXECUTED

Men Prominent in Government and
Other Walks of Life.

London, May 3.—Almost simultaneously with the announcement by Premier Asquith in the House of Commons to-day that four of the leaders of the rebellion in Dublin had been court-martialed and shot this morning came the announcement from Austin Birrell, chief secretary for Ireland, that he had resigned as parliamentary head of the Irish government.

The four men shot were all signatories of the republican proclamation which signaled the inauguration of the rebellion. Patrick H. Pearse, "provisional president of Ireland," James Connolly, who was styled "commandant general of the Irish republican army," Thos. J. Clark and Thos. McDonagh were the four for whom death was meted out. Three other signers—S. McDiarmid, E. Ceanant and Jos. Plunkett—were sentenced to three years in prison.

Premier Asquith at the same time announced that Sir Roger Casement, who was one of the prime movers in the uprising and who is a prisoner in the Tower of London, would be tried with the utmost expedition.

Mr. Birrell made a brief statement and admitted his error as chief secretary for Ireland in underestimating the Sinn Fein movement, adding that when he was informed that the insurrection had been put down he tendered his resignation to the prime minister and that it had been accepted.

John Redmond, leader of the Irish parliamentary party, begged the government to be lenient with the great mass of those involved in the revolt and said he was partly to blame for Mr. Birrell's earlier complacency respecting conditions in Ireland, as he had concurred in the secretary's views that the danger of an outbreak was not a real one.

Mr. Birrell said that when he viewed the smoking ruins of Dublin and the ruins of his own ambitions there was one sad hope in his heart—that this was no Irish rebellion and that new bonds of union might be forged. He hoped that some good might come out of this great evil.

The Men Executed.

Patrick H. Pearse was about 33 or 34 years old and was known in Ireland as an authority on Gaelic literature. He started in life as a barrister, but devoted most of his time to literary educational pursuits.

For some time he was editor of the Gaelic Journal in Dublin and later founded St. Edna's Schools, which he conducted up to the time of the Sinn Fein rebellion.

Pearse had many friends in the United States. He lectured in this country on Irish ideals and Gaelic literature, the proceeds of his lectures going to the support of his school. He was the son of an Englishman, but was himself born and educated in Dublin. He was unmarried.

James Connolly lived for several years in New York, where he was active as a Socialist and labor agitator. He returned to Ireland about five years ago to aid in organizing the Irish Labor party. Connolly was about 50 years old. He was the author of a book entitled "Labor in Irish History," published in Dublin, and was editor of a labor paper in that city called "The Irish Worker." He was the father of eight children, all of whom survive him as well as his wife.

Thomas McDonagh was a close associate of Pearse and a highly educated man. He was for some time assistant professor of English literature in the National University of Ireland, but resigned to become assistant to Pearse in St. Edna's School.

Thos. J. Clark was one of the leaders in the Fenian conspiracy of the early 80's. He was arrested and sentenced to life imprisonment, but was released after serving 14 years. After a short visit to America he returned to Dublin, where he opened a tobacco store. Clark married the daughter of Mayor John Daly, of Limerick, another of the Fenian leaders. He is survived by his wife and four boys.

Four More Executed.

London, May 5.—The following official communication has been issued:

"Four prisoners, Joseph Plunkett, Edward Daly, Michael O'Hanrahan and William Pearse, were sentenced to death and shot this morning after the sentence had been confirmed by the general commander-in-chief."

"Fifteen others sentenced to death were commuted to ten years' penal servitude."

Georgia Farmers Shot in Difficulty.

Molena, Ga., May 4.—As a result of a difficulty early this morning, Hugh J. Stribling is dead and Bobbie Stribling is at the home of his grandfather at the point of death.

It is alleged that at about 5 o'clock this morning the two young farmers went to the home of B. B. Bagwell and demanded entrance. The entrance being refused, the door was forced open against the protest of Will Hagan, a step-son of Bagwell. When the Stribblings entered, Hagan fired two shots from a double-barreled shotgun, one taking effect in Hugh's head and the other in Bobbie's chest. The former dropped dead instantly and the latter was carried to the home of his grandfather, where his death is expected hourly.

After the shooting Hagan proceeded to Zebulon, where he intended to surrender to the sheriff, but was met on the way by one of the deputies, who carried him to jail.

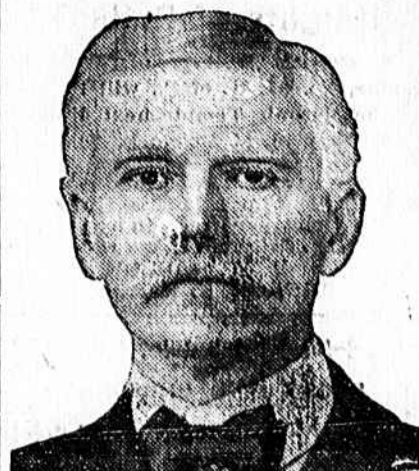

Well Known Remedy Relieves Chronic Case

IMPORTANT TO DISPOSE OF
WASTE FROM THE STOMACH
WITH REGULARITY.

People frequently attribute to failure of the digestive organs conditions that are primarily due to inactive bowels, and apply remedies that from their very nature are more apt to aggravate than to relieve the disorder.

When the bowels act regularly the stomach is in better shape to perform its allotted tasks and can usually be depended upon. To keep the bowels in condition there is no more effective remedy than the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin, which is sold in drug stores for fifty cents a bottle.

Dr. Caldwell has prescribed this remedy in his practice for over a quarter of a century and it is to-day the standard household remedy in thousands of homes. Mr. Thos. DeLoach, with the Department of the Interior, Office of Indian Affairs, at Washington, wrote Dr. Caldwell recently that "Dr. Caldwell's Syrup Pepsin is the best laxative I have any knowledge of and the cleaning up guaranteed by its use relieves every organ."

MR. THOS. DELOACH.

A bottle of Dr. Caldwell's Syrup Pepsin should be on hand in every home for use when needed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

Preacher Sent to Atlanta Pen.

Roanoke, Va., May 4.—In the United States District Court at Abingdon, Va., yesterday, Rev. B. T. Moody, a Methodist minister from Washington county, was given one year and one day in the Federal prison at Atlanta, Ga., for violation of the Mann white slave act. Moody pleaded guilty, admitting that he had transported Minnie Thomas, a young white woman, from Virginia to Tennessee for immoral purposes.

Invigorating to the Pale and Sickly

The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children, 50c.

Russ and Jap to Gag Chink?

Peking, May 4.—Russia and Japan have agreed upon a return of the "closed door" for China.

A new treaty establishing Russian and Japanese rights in Chinese territory has been negotiated between Tokio and Petrograd, by which the "open door" on the Chinese coast, so valiantly championed by the United States, is to be closed.

Mail advices from Tokio, which escaped the attention of the censor by reason of being sent by post instead of telegraph, indicate that Japan and Russia, taking advantage of the turbulent situation brought about by the world war, are planning to settle the fate of China between themselves.

Reliability

OUR absolute faith in the Maxwell car is due to two reasons: First, we have known that the Maxwell Company uses nothing in the entire car but the very best that money can buy. We have known that the steel is scientifically heat treated, that the car is built under the supervision of able engineers, that every car is rigidly tested many times before it leaves the factory.

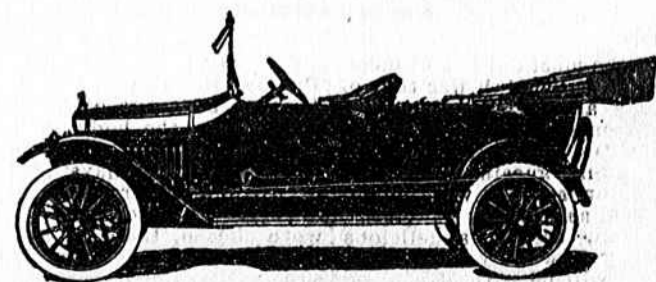

Second, we have known that the big and well established company, behind the car is building for the future, that they value a satisfied owner above everything else.

Now that the Maxwell has set the World's Motor Non-Stop Mileage Record, by travelling continuously for 44 days and nights—averaging 500 miles per day—you will understand the benefits you personally may derive from the Maxwell policy. Did you ever hear of any car going 22,000 miles without once stopping the engine, without any repairs or readjustments, with only one gallon of gasoline to every 22 miles?

There is no reason why you shouldn't have a reliable, serviceable and economical Maxwell car. The first cost is low, the operating cost is low and our pay-as-you-ride plan makes the purchase easy for everyone.

Let us see you about this now, before our allotment is exhausted.
